If you are looking to start a business yourself, consider a direct selling business!

Entrepreneurship according to Wikipedia is “the process of designing, launching and running a new business which is initially a small business.” The people who create these businesses are called entrepreneurs which means a person who organizes and operates a business and assumes all the risk and reward of the venture.

Connie Stowell is an entrepreneur in our community, promoting Princess House Products, a line of lifetime kitchen and household items.

Connie says this about her business: “The Direct Selling Business or ‘Party Plan’ as we are referred to, offers individuals the opportunity to work from home on their own; schedule part time, full time or to make a career as I have done over the last almost 22 years. ‘Party Plan’ offers hosts amazing products for free and hugely discounted, that they may have never been able to afford. Also, the impact on the community generates jobs, and adds hundreds of thousands of dollars to the sale tax revenues.”

With Party Plan no one will ever tell you what you are worth for a salary or hourly pay, again. You are in control of your destiny. There are many opportunities to become an entrepreneur, take a chance and see what the future holds!

Our Chamber Business Shout Out this week goes to Princess House Products @ 152 Clinton Street, Gouverneur. Phone: 315-287-3575, Cell: 315-771-3581. Give Connie a call!
